Gripping drama about sex addiction and co-dependency

The series tells the story of Marie (Svenja Jung) and Luis (Noah Saavedra). The two meet at a fancy party and immediately fall for each other. What begins as a dream of great love increasingly turns into a nightmare. Because: Luis is addicted to sex. And Marie is addicted to Luis.

'naked' is the first German series ever to portray the topic of sex addiction and co-dependency in an unsparing way. It stars Svenja Jung, who recently impressed audiences in the erotic thriller 'Fall for Me', which reached number one in the Netflix film charts in 37 countries.
